
The Intuitive Living Institute

At the Intuitive Living Institute, we work together as a team to help people overcome emotional and physical challenges utilizing intuitive abilities through a variety of healing modalities.

Our team consists of wellness professionals trained and certified by the Institute to use their unique intuitive skills paired with their healing modalities. You will be guided to a state of balance, health, and harmony, no matter which practitioner you choose.

We are also a teaching institute where we introduce you to your natural, intuitive abilities.

The training allows you to take healing into your own hands for personal use, or you can use it to enhance your existing healing practice as well.

Our programs are open to anybody who is open to working with us. No prior energy experience necessary for certification.
