" When we fully understand that we are energy beings, we can take full advantage of the resources and wisdom the universe has to offer to heal ourselves and help others. True and lasting transformation and healing occurs with this awareness and conscious connection."

A former restaurant owner, Chris, could no longer deny the calling to dedicate his life 100% to his spiritual work. He believes that when we have a deeper understanding of ourselves at a higher conscious level, we can transform anything.

Chris has devoted his life to sharing his gifts and wisdom with all of those who seek higher knowledge. Thousands of clients around the world have been successfully treated by Chris using his amazing healing methods and light connections.
